

Church Health and Renewal - Church Wide Survey

We are calling in Sam Breakey to help us understand where we are now and the opportunities ahead so that we can develop a shared focus as a church.

Southwest Community Church's experience caught our attention. This is what we are hoping for:

“The real power of this process is when congregations listen together to what the Lord is saying to their church, about their past, present and future. Sam is just one facilitator of Christ revitalizing the church.”

[Read comments from other churches who have been through this process.](#)

How will this work?

We will observe the season of Advent, enjoy the celebration of Christmas, and wait to begin the survey in mid-January.

The survey will be available in a variety of formats. We hope that everyone over the age of 13 will take part!

Sam will travel to Regina to lead a town hall meeting in early February.

Sam Breakey and CBWC's Church Health Initiative

Sam Breakey has been a CBWC pastor, an Area Minister, and the director of The Mustard Seed. Sam has returned to the CBWC and currently helps churches with ministry review and renewal.
